Dear Newsgroup

Below please find a valid and well documented descent from Joan Mowbray, wife of Thomas Gray, Knt., of Heaton (died 1400), going down to Elizabeth Heron, wife of Robert Tailboys. Elizabeth (Heron) Tailboys is found in the ancestry of the three New World colonial immigrants:

1. William Bladen
2. George Reade (ancestor of U.S. President George Washington)
3. Olive Welby

Further information on the extended ancestry of Elizabeth (Heron) Tailboys can be found in my new book, Plantagenet Ancestry. Please contact me offline for details regarding ordering a copy of the book.
